Votes Passed at the Annual Town Meeting

February 23, 1938

All reports as printed were accepted. A motion to condense the itemization of the matter in future reports of the Treasurer was defeated.

Voted: That the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, not to exceed \$90,000 dollars in the aggregate, and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, of Chapter 44, of the General Laws.

Voted: That the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money on or after January 1, 1939 not to exceed 30,000 dollars in anticipation of the revenue of the financial year beginning January 1, 1939.

Voted: That the Town raise and appropriate the sum of 800 dollars for the improvement of West Chestnut Street, Shaker Road to Prospect Street, said sum or any portion thereof to be used in conjunction with any money which may be allotted by the State or County or both for this purpose.

Voted: That the Town raise and appropriate the sum of \$2,624.36 for the improvement of Elm and Maple Streets, said money to be used in conjunction with any money which may be allotted by the State or County or both for this purpose.

Voted: That the Town raise and appropriate the sum of 200 dollars for the improvement of Mapleshade Avenue, said sum or any portion thereof to be used in conjunction with any money which may be allotted by the State or County or both for this purpose.

Voted: To authorize the transfer to the appropriation for Elm and Maple Streets the following unexpended balances from the year 1937:

Elm Street.....	\$779.68
Wilbraham Road.....	595.96

making a total available for Elm and Maple Streets of 4000 dollars.

Voted: That the Town raise and appropriate the sum of 200 dollars for the improvement of Porter Road, said sum or any portion thereof to be used in conjunction with any money which may be allotted by the State or County or both, for this purpose.

Voted: That the Town authorize the Selectmen to contract with the Department of Public Works and to make any contracts necessary in carrying out the road construction authorized at this or previous meetings.

Voted: That the Town appropriate the sum of 1000 dollars from the Road Machinery Account to be expended for the repair, operation and replacement of the Towns Road Machinery.

Voted: That the Town transfer 2000 dollars from the Overlay Reserve Fund to the Reserve Fund of 1938.

Voted: That the Town raise and appropriate the sum of 4000 dollars for work relief in widening and improving Pleasant Street (Center to Callender Avenue) and Hampden Road from Hampden Town Line to Michel's Corner.

Voted: That the Town raise and appropriate the sum of 700 dollars for mixed-in-place road on Merriam and Shaw Streets, as petitioned for by E. M. Avery and others.

Voted: That the Town authorize the extension of the Water Main on Parker Street approximately 7775 feet northerly from the Hampden Road, provided the Federal Government supplies the labor and that the sum of 8000 dollars be appropriated for this purpose and that the Treasurer, with the approval of the Selectmen is hereby authorized to borrow all said 8,000 dollars under authority of, and in accordance with Chapter 44 of the General Laws; the

whole loan to be repaid within four years from its date of issuance at the rate of 2000 dollars per year. (unanimous)

Affirmative 151 Negative 0 Quorum 100

Voted: That the Town raise and appropriate the sum of 82.08 dollars for Sodium Light on North Main Street, opposite the Pleasant View School.

Voted: That the Town raise and appropriate the sum of 22.05 dollars for Street Light at Shaker Road and Chestnut Street.

Voted: That the Town authorize the construction of a hardened road surface on Fairview Street, and appropriate the sum of 800 dollars therefore.

Voted: That the Town raise and appropriate the sum of 75 dollars to be expended in the Town under the direction of the Hampden County Trustees for Aid to Agriculture in accordance with the provisions of the General Laws of Massachusetts, Chapter 128, Section 42.

Voted: That the Town authorize the payment of certain bills of 1937 and previous years and raise and appropriate the sum of 313.72 dollars for this purpose.

John M. Holmes	\$125.00	Community Feed Stores	\$26.10
Philip W. Caporale	30.00	Wesson Memorial Hospital	50.80
Central Mass. Electric	81.82		

Voted: To lay on the table certain proposed electrical regulations.

Voted: That the Town authorize the construction of a mixed-in-place surface on Harkness Avenue, from North Main Street to Melvin Avenue, thence on Melvin Avenue to Benjamin Street and appropriate the sum of 600 dollars therefor.

Voted: That the Town accept White Avenue from Elm Street, easterly a distance of about 475 feet to property now or formerly owned by S. J. Cormier, 50 feet in width; as a public street as laid out by the Selectmen and authorize the Selectmen to take all necessary action thereto, as petitioned for by Olga M. Henderson and others.

Voted: That the Town accept Calkins Avenue from North Main Street westerly, a distance of about 325 feet, 50 feet in width; as a public street as laid out by the Selectmen, and authorize the Selectmen to take all necessary action thereto, as petitioned for by Everett Day and others.

Voted: That the Town accept Indiana Street from North Main Street, easterly a distance of about 465.10 feet to easterly property line of Richardson, lot 159, 50 feet in width; as a public street as laid out by the Selectmen, and authorized the Selectmen to take all necessary action thereto, as petitioned for by Henry J. Corbiere and others.

Voted: That the Town accept Cosgrove Street from Indiana Street easterly, a distance of about 250 feet to easterly property line of John Hancock Mutual Life Insurance Company, lot 7, 50 feet in width; as a public street as laid out by the Selectmen and authorize the Selectmen to take all necessary action thereto as petitioned by Henry J. Corbiere and others.

Voted: That the Town accept Dearborn Street extending from North Main Street easterly to Gates Avenue, a distance of about 672 feet, 50 feet in width; as a public street as laid out by the Selectmen, and authorize the Selectmen to take all necessary action thereto, as petitioned for by Joseph A. Siciliano and others.

Voted: That the Town accept Vineland Avenue from Westwood Avenue northerly to Kensington Avenue, a distance of about 3,316.97 feet, 60 feet in width; as a public street, as laid out by the Selectmen and authorize the Selectmen to take all necessary action thereto, as petitioned for by Antonio Rinaldi and others.

Voted: That the Town accept LaSalle Street from Gates Avenue easterly, a distance of about 593 feet to the westerly property line of Karl Mork, 50 feet in width, and authorize the Selectmen to take all necessary action thereto as petitioned for by A. R. Miner and others.

Voted: That the Town accept Park Place and Leo Avenue as laid out by the Selectmen, as public streets, 50 feet in width, and authorize the Selectmen to take all necessary action thereto, as petitioned for by Arthur L. Wagner and others.

Voted: To lay on the table proposed Plumbing Regulations.

VOTES PASSED AT SPECIAL TOWN MEETING

September 30, 1938

Voted: That the Town appropriate from free cash in the Treasury the following amounts:

For Welfare.....	\$4,400
For Soldier's Relief.....	700
For Old Age Assistance.....	3,000

as recommended by the appropriations committee.

Voted: That the Town in accordance with the provisions of the General Laws adopt a system of sewerage and sewage disposal plant for the Town, and the Selectmen be and are hereby authorized to make necessary applications, agreements and contracts with the Works Progress Administration and other agencies of the United States of America necessary or proper to carry into completion such system of sewerage and sewage disposal plant.

Voted: That for the purpose of laying out and constructing a system of sewerage and sewage disposal plant for the Town, there be raised and appropriated by the Town the sum of \$50,000 and to meet said appropriation there be appropriated from free cash, available funds or surplus revenue the sum of \$10,000 and the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow the sum of \$40,000 and to issue bonds or notes of the Town therefore, said bonds or notes to be payable in accordance with the provisions of Chapter 44 of the General Laws, as follows: \$6,000 payable annually during years 1939 to 1944 inclusive and the balance shall be paid during the year 1945.

Affirmative 183 Negative 18 Quorum 100

Voted: That the Selectmen be authorized and instructed to take general charge of laying out, constructing, maintaining and operating a system of sewerage and sewage disposal plant with all the powers of sewer commissioners and do any act which is necessary and proper to carry into completion said system of sewerage and sewage disposal plant and that they be instructed to make minimum betterment assessments.

Respectfully submitted,

RAYMOND A. DENSLOW,
Town Clerk.

Report of the School Committee

To the Citizens of the Town of East Longmeadow:

We are glad to submit below the annual report of the school committee.

Value of School Property, December, 1938

Center School:

Schoolhouse Lot	\$4,500.00
Building and Furniture	31,200.00
Textbooks and Supplies	3,200.00

Total	\$38,900.00
-------------	-------------

Pleasant View School:

Schoolhouse Lot	\$6,000.00
Building and Furniture	85,500.00
Textbooks and Supplies	3,200.00

Total	\$94,700.00
-------------	-------------

Total	\$133,600.00
-------------	--------------

Comparative Expenditures for Public Education

The data given below are for the fiscal year ending December 31, 1937, and are taken from the last annual statistical report of the State Department of Education.

Expenditure for Public Education — Elementary and High:

Per pupil in net average membership, East Longmeadow	\$107.39
Per pupil in net average membership, Group IV (123 towns under 5,000 population and not maintaining high schools)	108.17

From the above figures issued by the State Department of Education, it appears that the average per pupil expenditure for education in East Longmeadow is very near the average for the group of 123 towns with which East Longmeadow is classed. Our per pupil expenditure in 1937 was \$4.96 higher than in 1936. This was largely due to the restoration of the teachers' salary schedule.

Financial Statement of the School Department for 1938

Appropriation for School Support.....	\$71,000.00	
Expenditures.....	\$71,061.63	
Less:		
Refunds on tuition.....	\$42.50

Amount paid from local taxation, for schools..		<u>\$65,398.30</u>

Needed for Public Education in 1939

In 1938 the school committee recommended to the Finance Committee an appropriation of \$73,000, which was the same as the amount voted for schools in the preceding year. This was \$10,000 less than was appropriated for the schools five years earlier in 1933.

A short time after the school committee recommended an appropriation of \$73,000 the tuition rates in Springfield high schools were raised \$10 per pupil, thus increasing our obligations by approximately \$1,600, and bringing the total amount needed to maintain the schools according to the standard of preceding years up to \$74,600.

The Finance Committee felt it necessary to keep the tax rate down to \$34.00 and, as an aid in doing so, recommended to the town a school appropriation of \$71,000, which was the sum voted. This was the amount appropriated in 1936, before the town voted to restore the teachers' salary schedule and when high school tuition rates were at the lowest point in years.

With an appropriation of \$71,000 to run the schools in 1938, the committee was obliged to choose between two courses: (1) that of again reducing teachers' salaries — a policy contrary to the desire of the town expressed by its vote one year earlier; or (2) that of maintaining salaries and making the appropriation go as far as it would.

The committee chose the latter course. It has kept within the amount appropriated and has met all obligations in full except the last high school tuition bills covering the months of November and December, 1938, and January, 1939. Toward this bill we have paid more than enough to cover the November and December tuition, but the balance of \$1,726.75 could not be paid from the 1938 appropriation. Certain needed repairs to school property, such as painting the Center School, have necessarily been deferred. The purchase of a carload of coal, usually made in December, has been deferred to January. The experience of the past year has proved that the school committee needed slightly more than \$74,000 to pay for a full year of education if salary schedules were to be maintained.

For 1939 the school committee recommends from the current tax levy an appropriation of \$75,000 and in addition thereto the appropriation of \$470.91 which has been carried in the treasury balance for a number of years and designated "Center School Repairs." The committee also recommends the customary appropriation of \$200 for the Americanization Class.

The recommendation for an appropriation of \$75,000 plus the above mentioned item of \$470.91 is based upon the following budget estimates for 1939:

	Budget Estimate 1939	
General Expenses:		\$2,727.75
School Committee.....	\$200.00	
Superintendent's Salary.....	1,577.75	
Expenses of Superintendence.....	950.00	
Expenses of Instruction:		26,976.10
Supervisors and Teachers.....	25,176.10	
Textbooks.....	800.00	
Supplies.....	1,000.00	
Expenses of Operation:		4,635.00
Janitors.....	2,400.00	
Fuel and Light.....	1,635.00	
Miscellaneous.....	600.00	
Maintenance:		1,000.00
Repairs and Replacements.....	1,000.00	
Auxiliary Agencies:		40,272.00
Health.....	1,235.00	
Transportation.....	6,900.00	
Tuition.....	31,937.00	
Miscellaneous.....	200.00	
Total.....		\$75,610.85

The committee is not asking for any general increases in the various items as compared with the budget for 1938. Under Expenses of Instruction there is an increase of about \$200.00 which represents increments in the salaries of a number of the younger teachers and the cost of handwriting supervision. Both Expenses of Operation and of Maintenance are the same as last year. Under Auxiliary

Agencies the cost of health service is unchanged. The cost of transportation is reduced \$400. The cost of high school tuition is increased \$2,037. This is in part due to the increase in tuition rates and in part to the increase in the number of pupils as compared with last year. Beginning with the next semester, January 30, we expect to have thirteen more pupils attending the Springfield high and trade schools than were attending last year at the same time, and during the second semester beginning September we expect fourteen more pupils than attended last year at that time. We are saving more than enough in our transportation costs to cover the few necessary increases in the items of school expense except the item of high school tuition. The school committee has joined with the other school committees of the superintendency union in petitioning the Springfield school committee for a reconsideration of the high school tuition rates.

Respectfully submitted,

GEORGE A. BARKER,
LAURENCE C. DAVIS,
GEORGE W. GARLICK.

Report of the Superintendent of Schools

To the School Committee of East Longmeadow:

I am privileged to submit herewith my second annual report.

Changes at the Center School

Mrs. Elizabeth Morrill, who had been teacher of grade 6 since 1933, resigned her position effective at the close of the last school year. Mr. and Mrs. Morrill soon thereafter assumed the duties of a pastorate in Lawrence, Mass. The school committee voted its sincere appreciation of Mrs. Morrill's highly valued services as teacher in East Longmeadow. Mrs. Morrill was the first president of the recently formed association of teachers in the superintendency union and known as the Wilhameadow Teachers' Association.

Principal Eseldra Glynn suggested after careful study that the work of the upper grades at the Center school be partially departmentalized. It was decided to adopt this plan beginning with the school year 1938-1939. The teaching assignments are as follows:

Miss Glynn:

Home-Room, Grade 8

Departmentalized teaching assignment: Language, Grades 6, 7, and 8.

Miss Blish:

Home-Room, Grade 7

Departmentalized teaching assignment: Mathematics, Grades 6, 7, and 8.

Miss Rhoades:

Home-Room, Grade 6

Departmentalized teaching assignment: Social Studies and Art, Grades 6, 7, and 8.

Among the benefits expected from this plan of organization are the following:

- (1) The teacher becomes increasingly expert through concentration in one subject field.
- (2) The work in each of three major fields is planned and developed over a three-year period by the same teacher.
- (3) Pupils in the upper grades come in contact with several personalities on the teaching staff and are given some experience in the departmental organization which they meet in the higher schools.

Miss Fowler, who had taught the first grade for the past several years, was transferred, at her request, to the third grade position vacated by Miss Rhoades.

Miss Mildred O. Pendleton of West Springfield, a graduate in high standing of the Westfield Teachers' College with the degree of Bachelor of Science in Education, was chosen from a field of many candidates to fill the vacancy in grade 1. Miss Pendleton's work as observed thus far gives excellent promise.

The School Curriculum

The program for the introduction of new textbooks adopted last year has been carried forward according to schedule. All of the new books in use are accompanied by teachers' manuals and helps. These new texts and the teaching guides are of much assistance to supervisors and teachers in their endeavor to keep the curriculum of the schools in harmony with the needs of the times.

Arithmetic

The results of the standardized tests given in April, 1938, brought out the fact that although most of our pupils were up to standard or above in reading, they fell somewhat below the test standards in arithmetic. Though they approach the standard in the manipulation of figures or in the fundamental skills of arithmetic, they are notably below the standard in the application of those skills in problem work.

Our arithmetic textbooks had been in use for some time and their replacement earlier suggested by former Superintendent Wheeler. In seeking a method of improving the work in arithmetic, a committee of ten teachers representing the three towns was chosen to cooperate with the superintendent in studying aims, content, and methods in arithmetic, as well as recent textbooks in this subject.

As a result of the investigations of this committee, a new series of arithmetics known as *The Study Arithmetics* by Knight, Studebaker, Ruch, and Findley was adopted and brought into use with the opening of the current school year. One of the main purposes of these new books is to give children a better understanding of life situations which involve number relationships as well as to give them an abundance of practice in the solving of problems growing out of such situations. Another commendable feature of the new books is a plan whereby each pupil is provided at regular intervals with

a means of diagnosing and correcting his own weaknesses in arithmetic as well as a means of measuring his progress in each phase of arithmetical work. It is hoped that through the use of these new textbooks, new course of study in arithmetic, and new emphasis by teachers, our pupils will reach a high standard in their work in problem solving as well as in their mastery of the fundamental skills.

Handwriting

Within recent years there has been a growing feeling in this and other communities that the results of handwriting instruction have not been commensurate with the amount of time devoted to such instruction. Quite possibly too much time has been spent in arm-movement exercises and too little in the practice of letter formation. The degree of skill that has been developed in handwriting exercises has not been satisfactorily transferred to the written work in other subjects. It may also be said that such skill in handwriting as has been developed in the elementary grades has not been satisfactorily retained after pupils leave the elementary schools.

Mr. William L. Rinehart, who with his staff supervises handwriting in the public schools of a score or more of cities and towns in Massachusetts, was invited to appear before the joint committee of this superintendency union at its annual meeting in April, 1938. Thereafter the superintendent was instructed to examine the handwriting results being obtained in Fitchburg, where Mr. Rinehart's system was in use. The committees of the three towns of the union were so favorably impressed with the results described and observed that Mr. Rinehart was employed to supervise the handwriting in the schools of the union beginning at the opening of the school year 1938-1939. East Longmeadow's share of the cost of such supervision for the first year is \$325.

During this year the schools are receiving full supervisory service from Mr. Rinehart and his staff, each classroom being visited once a month, the class being tested as to its progress both through the handwriting lesson and through examination of the written work in language, spelling, and other subjects. All teachers in the union meet together once each month, when Mr. Rinehart discusses the problems that arise in teaching and sets forth the work of each grade for the ensuing month.

During the first year of Mr. Rinehart's service it is expected that the teachers will become well versed in the use of the Functional Method of Handwriting. In subsequent years it is planned to have a limited supervisory service by Mr. Rinehart, whereby in a teachers' meeting at the beginning of the school year he will set forth an outline of the year's work and thereafter will score samples of pupils' handwriting sent him monthly by all the teachers. Mr. Rinehart will supply the specialized materials needed. This limited supervisory service will cost little more than has been expended for handwriting materials in past years.

Functional Handwriting is a combination of the arm and finger movements. The finger movement is used chiefly in making the small letters, and the arm movement in making the capitals and the

swing from one letter to another. In beginning his training in handwriting the child has his attention directed at first to letter formation. Speed, of little importance at the outset, is acquired naturally with practice. Much of the drill work is rhythmic and may be set to a musical accompaniment. Emphasis is placed upon the value of the monthly diagnosis of each pupil's work, using the following criteria: Neatness, legibility, proportionate size of letters, alignment, spacing, slant, endings.

It is felt that the Functional Method of Handwriting is based upon sound principles of pedagogy and that Mr. Rinehart is particularly well-qualified by natural talent, advanced study, and experience to train teachers and pupils in its use.

Visual Aids in Teaching

School authorities are rapidly coming to appreciate the value of visual aids in the education of children. Photographs, drawings, paintings, stereoscopic views, lantern slides, silent motion pictures, and sound motion pictures are in turn coming into frequent use in the schools. Through recent experimentation in the use of motion pictures as an aid in education; it has been found that pupils with the help of such aid learn more concerning a given subject and learn it in less time than they do without such helps.

One of the worthiest efforts thus far made in the development of educational motion pictures is "The Chronicles of America Photoplays" prepared and distributed by the Yale University Press. These photoplays set forth in dramatic fashion the most striking episodes in American history from the period of discovery and colonization through the Civil War. The producers of these photoplays have made an earnest effort to reproduce faithfully the costumes and scenery as well as the story itself.

Through cooperation with other towns on a circuit, it has been possible for East Longmeadow to have these fifteen photoplays in each of the schools during the school year 1938-1939 at a total expense of forty-five dollars for use of lantern and films. Evening showings of the films for adults and high school pupils have been arranged at the Town Hall and Pleasant View school at a nominal charge of admission. The proceeds from these showings will pay a substantial part of the cost of the project. The pictures are being shown at intervals of two or three weeks from September to May. The pupils appear not only to enjoy these pictures but to profit by them in their study of American history. The teachers and janitors have cooperated generously in making the necessary arrangements. Indeed, our experience with these pictures strongly indicates that we should be prepared to make regular use of the motion picture as an aid in teaching such subjects as history, geography, current events, elementary science, and health education.

Professional Meetings

A substantial number of our teachers are taking courses or are planning to take courses for the purpose of sustaining their professional interests and improving their professional qualifications.

The following meetings held under the auspices of the school department, the Wilhameadow Teachers' Association, and the Hampden County Teachers' Association have been attended by nearly all teachers:

Town Hall, East Longmeadow: Address by Dr. Lura Oak, State Department of Public Health, "Some Important Considerations in the Education of Young Children."

Pleasant View School, East Longmeadow: Address by Dr. Guy H. Winslow, Worcester State Teachers' College, "Democracy Versus Dictatorship."

Springfield: Annual meeting of Hampden County Teachers' Association.

Wilbraham: The Pines School: Address by Miss Ellen Morrissey, Principal, Elias Brookings School, Springfield, "Teaching of Reading."

Pleasant View School, East Longmeadow: Dr. Mary Elliff, Elson-Gray Reading System, "Problems in Primary Reading."

Hampden Consolidated School: Mr. Hugh Nixon, Secretary Massachusetts Teachers' Federation, "Horace Mann."

Wilbraham, The Pines School: Dr. Raymond G. Drewry, Springfield College, "Elementary Education — A Look Into the Future."

Repairs and Improvements in School Property

Center School

New swings were constructed on the playground.

Eight new tubes were installed in the boiler.

The electrical service duct and wires were revamped and a new switch and meter device installed so as to permit using all lights in the building simultaneously.

Pleasant View School

The rear windows facing the playground were newly fitted with heavy wire screens for the purpose of protection.

The floors of two classrooms were finished with Swan Floor Treatment.

The newly constructed portion of the playground was surfaced with a six-inch coat of dirt for a binder.

The portable building was removed by the selectmen so that the entire playground is now available for play purposes.

Changes in Transportation

The three-year contracts held by Mr. Arthur Longeway and Mr. Roy Longueil for transporting school children terminated at the close of the school year. The possibility of having a great majority of the high school pupils conveyed in commodious school buses from East Longmeadow direct to the several high schools seemed so desirable to the school authorities that the routes were revised and bids advertised on this basis.

The school committee was pleased to find on the opening of bids that Mr. Longeway and Mr. Longueil, who for a number of years had served the town most acceptably as bus drivers, were the low bidders on the new plan.

Under the new arrangement approximately 120 elementary school pupils and 160 high and trade school pupils are transported on two new school buses, each accommodating 55 pupils. Certain benefits appear to result from the use of the new and larger buses and the revised schedule. The pupils are a shorter time in transit than they would be if transported by trolley, as the normal running time of the buses between East Longmeadow Center and the Springfield high schools is 15 minutes. The new buses are vehicles with modern appointments for the comfort and safety of pupils. Bus transportation provides supervision of the pupils in transit. The new plan also obviates to a considerable extent certain questionable practices that have arisen in connection with the use of pupil tickets. It has been found possible under the revised plan also to provide transportation to elementary school pupils living on Elm Street at a considerable distance from the Center school. In addition to the foregoing advantages I am pleased to report that the use of the new plan makes a substantial annual saving to the town in transportation costs.

School Calendar

In view of the fact that the transportation service of high school pupils is so intimately related to that of elementary school pupils, and in view of the further fact that nearly all of our elementary school pupils eventually enter the Springfield schools, it has been thought desirable to have the school year in East Longmeadow coincide with the school year in Springfield. The four terms of the elementary schools, therefore, open and close on the same days as the Springfield schools. This brings about two changes. The fall term opens on Wednesday after Labor Day rather than on Tuesday as formerly, and the summer term closes on Friday noon of the last week of school rather than on Wednesday afternoon.

Tuberculosis Clinic

For some time past, and at intervals of three or four years, the Hampden County Tuberculosis Association has conducted clinics in East Longmeadow as well as other towns of the county for the examination of school children. Such a clinic was held in March, 1938. The written consent of parents was secured in all cases before children were tested. The Von Pirquet test was given to 400, or 84 per cent of the school enrolment. Of these, 67 or 17 per cent, showed some reaction. Seventy-three children were X-rayed. Of these, nineteen were selected for further examination, four of whom were classed as negative. Fifteen were classified as an observation group to receive an annual check-up by the Hampden County Tuberculosis Association. It was very gratifying indeed that the clinic did not discover one active case of tuberculosis among the 400 children. This service, periodically rendered by the Hampden County Tuberculosis Association, is of great value to the community and much appreciated.

Well-Child Conference

East Longmeadow was one of the towns chosen this year by the Massachusetts Department of Public Health for the holding of a Well-Child Conference. The object of such a conference is to discover in pre-school children any physical defects that may be handicapping their growth and to confer with parents regarding child care. The clinic staff includes a physician, child welfare nurse, nutritionist, dental hygienist, and consultant nurse. Two of the three conferences planned have already been held, one at the Pleasant View School.

Obviously it is of advantage to children when any physical defects or habit defects are discovered and corrected early in life. The school authorities of East Longmeadow believe that if all children who enter the first grade of the public schools can previously have the benefits of the Well-Child Clinic, it will be a distinct advantage both to the children and the community.

The committee in charge of local arrangements for the conference consists of the following persons: Mr. Frederic A. Wheeler, chairman, Mrs. Carol B. Allen, Mrs. Christine M. Baldwin, Mrs. Lula Beebe, Mrs. Jennie Bordeaux, Mrs. Jennie B. Johnson, Miss Olive J. Kibbe, Mrs. Iva Leland, Mrs. Marion Olson, Mrs. Theresa Santanello, Mrs. Mabel Skiffington, Mrs. Mary Spring, Mrs. Lottie Wagner, Mrs. Etta M. Waite.

Americanization Class

Miss Mary L. Guyton, representative of the State Department of Education, informed the school officials of plans for enlarging the scope of the work in adult education in Massachusetts. Legislation was enacted by the last General Court as a basis for the new and broader plan of instruction. It is planned that Americanization classes will provide opportunity not only for non-citizens to learn how to read and write so as to secure citizenship papers, but also to provide advanced instruction in the fundamental subjects as well as elementary instruction in American government and American institutions.

It was strongly recommended that the person to have charge of the work in East Longmeadow should attend summer school at Hyannis State Teachers' College and take two courses of training designed especially for instructors in this field. Mrs. Speight, who had taught the Americanization Class for several years, was not available for the special instruction at Hyannis. The committee was fortunate in being able to secure Mrs. Lucy Kerr to take charge of the Americanization work, and to have Mrs. Kerr attend the Hyannis training course. Mrs. Kerr is a graduate of the Plattsburg State Normal School and has taken professional work at Teachers' College, Columbia University. She taught history in the junior high school at Liberty, New York, and has been acting-principal of The Pines school, Wilbraham, for one year.

The class in Americanization has opened this year with renewed interest. Miss Josephine D. Mason, Principal of the Hooker School, Springfield, who has assisted Miss Guyton in the work of general

supervision in the Springfield area, was present at the opening of the class. The attendance has increased, the total membership thus far reaching nineteen.

Again I take occasion to thank the school committee, principals, supervisors, and teachers for their generous cooperation in carrying forward the work of the school system.

Respectfully yours,

BURR F. JONES.

REPORT OF THE SCHOOL NURSE

During the past year I have assisted Dr. Rohr, the school physician, as follows:

Vaccinations.....	52
Immunizations.....	70
Schick tests.....	45
Physical examinations.....	378

As a result of the physical examinations defects were found as follows: Poor nutrition, 34; poor posture, 31; skin defects, 15; dental defects, 135; defects of hearing, 19; defective tonsils, 83; nasal obstruction, 6; enlarged glands, 9; flat feet, 33; slight heart defects, 3.

Improvements in the physical condition of pupils as compared with previous years were noted as follows: Nutrition, 31; posture, 42; tonsils removed, 30; arches improved, 21.

At the various physical examination periods 57 parents were present and were given an opportunity to discuss with the physician and nurse the physical condition of their children. Literature from the State Department of Public Health was distributed.

In April, 1938, when 458 children were weighed, 303 were given a rating of A, or satisfactory; 20 were rated D, or unsatisfactory. Every one of the children showed some gain in weight. In the following September 459 children were weighed. Of these, 273 were rated A and 26, D; 7 had not gained in weight, and 6 had lost weight. The relatively poorer showing in the September weighing is doubtless due to the greater activity of children in the summer months and vacation periods.

During the summer vacation 12 children spent from 26 to 54 days at Camp Frederic Edwards, making a total gain in weight of twenty-eight and three-quarters pounds, the greatest individual gain being six and three-quarters pounds.

Other work accomplished during the year may be summarized as follows:

Inspections.....	1,638
Exclusion from school.....	52
Arrangements for tonsil operations.....	21
Visits to oculist.....	32
First-aid treatment.....	106
Re-examination of eyes.....	24
Visits to schools, homes, physicians, oculists, opticians, and others.....	306
Consultations with parents, teachers, and others.....	430

For the cordial cooperation of teachers, superintendent, school committee, Women's Community Club, parents, I wish to say thank you.

Respectfully submitted,

SIGNE L. POLSON, R. N.

SCHOOL CALENDAR, 1938-1939

Fall term: Wednesday, September 7, to Thursday, December 22.

Winter Term: Tuesday, January 3, to Friday, February 24.

Spring Term: Monday, March 6, to Friday, April 28.

Summer Term: Monday, May 8, to Friday, June 23.

The schools are closed on Monday, September 19, Children's Day at the Eastern States Exposition; Friday, October 28, annual meeting of the Hampden County Teachers' Association; on Wednesday noon, November 23, for the rest of the week, Thanksgiving Day recess; on Friday, April 7, Good Friday; and on all legal holidays.

Report of the Selectmen

The year just ended, will long be remembered, problems having arisen, never heretofore experienced by any Board of Selectmen. Preparation of worthwhile projects for approval by the Works Progress Administration, Emergencies created by Flood and Hurricane, made it necessary that we devote considerable more time to the administration of the duties of the office than in any year in the history of the Town.

Several major subjects of special interest have received our attention.

Reduction in Electric Light Rates

Our best efforts to interest and gain support of the Legislature, Hampden County and Massachusetts State Selectmen's Association, all of whom would be of valuable assistance to us in accomplishing a reduction in rates, has met with little or no success. Several members of the Legislature have presented bills calling for Investigations and Lowering of rates throughout the greater part of the State, but lacked support for passage. Furthermore the forming of a committee, known as the Hampden County Electric Rate Committee with invitations extended to all cities and towns in Hampden County to join, resulted in response from but five, indicating a lack of interest. We hope for greater progress during the current year.

Transportation

Removal of trolley tracks, to permit the widening of North Main Street and substitution of Motor Busses for the Trolley Cars, has been requested from the Springfield Street Railway Co. Also, the extension of service beyond the Center. Mr. Kibling, General Manager, has promised to make a survey and advise us what can be done.

Flood Control

For sometime we have realized that the culvert crossing North Main Street extending through the Cope property, was inadequate to care for a large volume of water, especially during heavy rains experienced during the year. From the appropriation passed by the State Emergency Finance Board for reconstruction of Bridges, etc., a new and much larger culvert has been constructed by the State at a cost of approximately \$20,000.00.

W. P. A.

The following projects have been prepared and approved by the Federal Government. The construction of the Sewer and Disposal Plant, will delay the operation of any of the Projects not completed.

Projects	Federal	Sponsor	Total
Sidewalks and Curbing.....	\$9,341.00	\$7,188.00	\$16,529.00
Gypsy Moth.....	3,888.00	356.00	4,244.00
Blanket Road Improvement.....	24,868.80	6,220.60	31,089.40
Markham and Denslow Roads.....	4,264.60	1,339.83	5,604.43
Mill, Pease and Somerville Roads...	1,894.20	757.30	2,651.50
Hampden Road.....	7,815.50	2,032.47	9,847.97
Parker Street (Water Main).....	6,740.00	7,131.00	13,871.00
House Connections (Water Dept.)...	3,040.10	887.95	3,928.05
Engineering.....	3,670.00	802.00	4,472.00
General Highway Blanket.....	55,326.25	15,944.00	71,270.25
Sanitary Sewer and Disposal Plant..	252,597.74	63,162.41	315,760.15

We appreciate very much the cooperation and splendid service of Mrs. Susan Delehanty and her staff also all appointed Town Officials, Police and Fire Department.

GEORGE T. SMITH, *Chairman*,
SANFORD P. NOONEY,
LEO D. GLYNN, *Clerk*.

Report of the Public Welfare

To the Citizens of East Longmeadow, the following report of the Board of Public Welfare is submitted.

Food as listed above and clothing included as follows:

Shirts (Men), Girl's Dresses, Women's Slips, Women's Bloomers, Overalls, Mens and Boys Bathrobes, Pajamas Men, Women, Boys and Girls, Women and Girls Night-gowns, Moccasins, Slippers, Sheets, Layettees, Men's Shorts, Men's and Boy's Union-suits, Men's Jackets. Total amount of clothing were 3,095 pieces.

The value of food received was \$3,812.43. The value of clothing was \$2,295.15

The above food and clothing were distributed through the Surplus Commodities Division under the supervision of Gervase Devine to persons certified by the Public Welfare Department to families receiving direct relief, Old Age Assistance, Aid to Dependent Children, Soldiers' Relief and men working on W. P. A., also families whose conditions necessitated this aid.

SANFORD P. NOONEY, *Chairman*,
GEORGE T. SMITH,
LEO D. GLYNN.

Report of Superintendent of Streets-1938

With the aid of State and County money Chestnut Street between Prospect Street and Shaker Road was constructed to a permanent macadam street with a width of 20 feet and 3100 feet long, also storm drains were constructed at this time.

About 3500 feet of cover coat of 1/2 inch trap rock was put on Porter Road and 2800 feet of the same material on Mapleshade Avenue.

WORK RELIEF

Plesant Street widened to curb and a new cover coat applied to the old street, making the present street 30 feet wide, also 600 feet curbing was installed on the North side, which was not covered by the W. P. A. Project.

Several new storm drains were installed at this time.

Starting at Hampden Line, Hampden Road was dug out and refilled with gravel 7 feet on each side of the old road bed, making the road regulation size so that at any time trap rock can be applied to make a permanent street 30 feet wide.

There was also some filling and grading around the Town Hall.

NEW CONSTRUCTION

Fairview Street mixed in place about 20 feet wide and 1060 feet long, also Cold Patch Curb 1060 feet long on one side of street.

Harkness Avenue-Melvin Street. Mixed in place about 20 feet wide 1200 feet long.

Taylor Street. Widen on one side and a Cold Patch Curb put in for a distance of about 775 feet, also two new storm drains installed.

Shaw Street. Asphalt Macadam 30 feet wide, 365 feet long.

Cement Curbing was laid on both sides of street.

W. P. A.

Markham Road. Widen and gravelled, distance 1400 feet.

Denslow Road. Widen and gravelled, distance 500 feet. Culvert extended.

Curbing and Sidewalks were constructed on the following streets:

Plesant Street. 1300 feet South side, 700 feet North side.

Prospect Street. 2100 feet East side, 425 feet West side.

South Main Street. 350 feet East side.

Curbing was laid from State Line on North Main Street in front of Town Hall to the property line on Maple Street.

Sidewalk was also laid on Maple Street side of Town Hall.

GENERAL MAINTENANCE

Patching, scraping of gravel roads, cleaning of culverts, repairing of machinery and tools, cleaning surface drains, repairing and scraping of shoulders, etc.

Owing to the hurricane and flood all W. P. A. Projects were stopped and the men were assigned to an Emergency Project of removing trees and stumps, also filling wash-outs of which there were several bad ones.

Would recommend that culverts carrying water the year around should be enlarged to twice their present capacity.

GLENN C. HANDSBURY,
Superintendent of Streets.

Report of the Chief of Police

*To the Honorable Board of Selectmen and
Citizens of the Town of East Longmeadow:*

I have the honor to submit my second annual report for the Police Department, ending December 31, 1938.

Salesmen.....	5	Printers.....	2	No occupation.....	12
School-girls.....	2	Storekeeper.....	1	Truck drivers.....	2
Machinists.....	9	Buyer.....	1	Painters.....	4

The above arrested persons include 65 male persons and 4 female persons.

The lost or stolen property recovered includes such things as 5 bicycles, 3 automobiles, 1 truck, a few gallons of paint, saddle, bridle, saddle blanket, 2 cows, lanterns, cigars, cigarettes, pipes, shotguns, etc.

There were two adults and one child that was lost and later found and returned home during the past year.

There were also twelve boys apprehended during the course of the year for breaking windows but were not prosecuted due to the fact that the owners of the property did not want any court action taken.

Three boys were apprehended stealing fruit but also were not prosecuted because the owners of the property did not want any court action taken against the boys.

In some of the cases the court dismissed or filed them with the understanding that restitution be made due to the extreme youth of the defendants.

Police Department Property

One cruising car fully equipped and in fairly good condition.
 6 pairs of handcuffs.
 6 billy clubs.
 4 automatic pistols (not serviceable).
 1 revolver in good condition.
 1 tear gas billy.
 18 hat devices.
 15 badges.

TRAFFIC REPORT

We had forty-three accidents this year, fifteen of which involved personal injuries, with a total of twenty-six persons injured and of the injured two were bicycle riders.

The above figures show that we had four less accidents, eleven less people injured and four less accidents involving personal injuries, than the previous year.

We also have had no fatal accidents this year the same as last year.

We increased our police activity this year regarding traffic and would like to do so more this year but the limited amount of funds and men does not permit this because there is a lot of other work to do in regards to investigations of other crimes and the resultant capture of more dangerous criminals which in our minds is more important, towards the protection of lives and property which you may well see from the heavy sentences imposed by our courts as shown in this report.

We booked 130 motorists this year as compared to 104 last year who received warnings or had their cases placed on file for future reference.

Twenty-three persons lost their license in this Town as the result of police activity in other Towns and three lost their license as the result of the activity of this department.

179 cars were sold by the automobile dealers of this Town and there were 80 cars sold by private persons.

The cruising car travelled 16,769 miles last year on patrol work and investigations and on December 31, 1938 the speedometer read 32,232 miles.

The cruising car without a doubt is the most valuable piece of police equipment particularly when equipped with a police radio which we have in our car and which has proved its worth many times over.

When the radio was first installed many people were skeptical about it and said it was only an experiment and would prove costly to operate, but I would like at this time to take the opportunity to point out that after nearly two years of service the radio has not cost the Town one cent for operation or repairs.

Last year in my annual report I stated that the Board of Selectmen and myself were working on a set of Rules and Orders governing traffic and other by-laws for the Town which we hoped to make a reality this year which we have done and which were approved by the Department of Public Works making them legal so they can be enforced and if necessary the violator of them prosecuted in court.

In this set of Rules and Orders we have the approval of the Department of Public Works for twenty-eight different locations for stop signs which of course at this time have not all been set up but when the Board of Selectmen decide that they need one at any one of these locations they can have one set up and it will be legal as soon as it is put up without going through this red tape all over again.

The above mentioned Rules and Orders have been drawn up

with the future in mind and should take care of our traffic situation for the next ten years as far as rules and regulations are concerned.

We also without any expense to the Town had the State set up stop signs at seven of the most dangerous streets entering North Main Street which also are legal as are the no parking signs set up on the southerly side of North Main Street from the City line up to and in line with the westerly side of Granby Street.

Also the Board of Selectmen can now without much bother establish legal no parking zones at their will and pleasure because of the Rules and Orders now in force.

It is hoped that at some future date these Rules and Orders can be published in a small pamphlet for free distribution to the public of this Town for their information.

The Police Department also undertook to register the bicycles in Town with the result that 163 of them were registered which we believe is a very large percentage of them.

This of course is not compulsory but we believe it to be of benefit to the owner in case of loss or theft which was proved to us this past summer when we found an unregistered bicycle and never could locate the owner.

We have had quite a number of radio calls on the cruiser this past year which has helped us immeasurably in our work and also Fourth of July and Hallowe'en our most bothersome holidays were quiet ones which we can to some measure attribute to the presence of the cruiser.

Good cooperation from the public is one of the big factors which make up an efficient Police Department so at this time I wish to encourage all the people in Town to report all suspicious acts of any person or car or to transmit any news or information they may have no matter how small in their estimation relative to any crime to the Police Department.

In conclusion, I wish to thank the Board of Selectmen, and all other Town Departments and their members, members of my own department and citizens of the Town of East Longmeadow for their whole hearted cooperation.

Respectfully submitted,

LEO H. WALDEN,
Chief of Police.

Dog Officer's Report

To the Citizens of the Town of East Longmeadow:

For the year 1938 there were:

376 dogs licensed

3 kennels were licensed

14 dogs destroyed and buried

1 dog owner summoned into court (fined \$5.00)

There were 42 more dogs licensed this year than the previous year. The total amount collected for licenses is \$981.25 which is \$121.25 more than the previous year.

We succeeded in collecting license fees for all dogs known to us without court action, with but one exception and let us try and cooperate in the coming year so it will not be necessary to bring any one to court.

We received 62 calls regarding dogs also 6 dogs were found and returned to the owner.

Respectfully submitted,

LEO H. WALDEN,
Dog Officer.

Report of the Fire Department

To the Honorable Board of Selectmen of East Longmeadow:

I herewith submit the report of the Fire Department for the year 1938.

During the past year the Fire Department answered seventy-five alarms, divided as follows:

Thirteen	(13)	House Fires
Forty-eight	(48)	Grass and Brush Fires
Nine	(9)	Chimney Fires
Two	(2)	Automobile Fires
Two	(2)	Dump Fires
One	(1)	False Alarm

Respectfully submitted,

EARL GOODRICH,
Chief.

Report of the Gypsy Moth Inspector

To the Board of Selectmen, East Longmeadow, Mass.

I submit the following report:

Due to the hurricane this past fall it was difficult to inspect all the trees that were blown down. It is feared that a great many egg clusters were broken off and carried by the wind and that next year they may show up in parts of the town that have been practically rid of them.

Last year the Tent Caterpillars were included with the Gypsy Moth as an Insect Pest. By the W. P. A. financing an eradication project last spring, we were able to destroy many thousand Tent Caterpillar nests.

Respectfully submitted,

SYDNEY MELBOURNE.

Report of the Building Inspector

To the Selectmen of East Longmeadow:

Gentlemen:

I have the following report to submit to you for the year ending December 31, 1938:

There were forty-three permits issued as follows:

Type of Building	Number	Estimated Value
One Family Dwellings.....	12	\$28,600
Recreation Building.....	1	2,200
Garages.....	10	2,350
Poultry and Accessory Buildings.....	10	1,370
Additions or Alterations.....	10	2,235
Totals.....	43	\$36,755

There were also two permits issued for the tearing down of two small barns estimated to have been worth \$200.00.

All the above projects have been inspected as far as they have been completed.

Respectfully submitted,

ALVIN R. MINER,

December 31, 1938.

Building Inspector.

Report of the Sealer of Weights and Measures

To the Selectmen of East Longmeadow:

I herewith submit my report for the year 1938.

I have adjusted and sealed or condemned the following weighing and measuring devices:

71 Scales	33 Gasoline meters
94 Avoirdupois Weights	5 Kerosene Pumps
8 Capacity Measures	2 Gasoline Pumps
27 Quantity Measures on Pumps	

I inspected 259 Mass. Sealed Oil Jars and reweighed 80 articles of merchandise.

I collected and paid to the Town Treasurer the sum of \$38.20.

Respectfully submitted,

WILFRED WORTHING,

Sealer of Weights and Measures.

Report on Pleasant View Playground

This year marked the second successful season of the Pleasant View Playground. The daily attendance swelled to an average of sixty children, nearly doubling the attendance of the previous year.

The main cause of this increase of interest on the part of the children, was a new and varied program by the supervisor and the addition of new equipment.

A definite program was mapped out. New games for skill and endurance were introduced, watersports and amateur entertainments for the parents, caused quickened interest in the playground activity. Handwork was taught in its main rudiments, some of the articles being on display at the 4-H exhibition at the town hall.

The program called for some special event each week. Three straw rides were sponsored by the E. L. Riding Academy, one a hot dog roast and Trailside Museum visit at Forest Park, the others, an all day outing at Sandy Beach, Connecticut and lastly a swimming party at Kibbe Grove. Other outstanding events were swimming races, amateur radio hour, horse shoe and checker tournaments and lastly field day in which over 150 children participated.

The older boys lament the lack of a baseball diamond which we hope will be laid out next spring. Parents have beset the supervisor with petitions for planting of shade trees, as there is inadequate protection from the sun rays.

For the more sedentary an open air library will be established. This is thought to be the first of its kind ever introduced on a playground.

It is hoped that the playground fund will be increased by public entertainments with the cooperation of the citizens of the town.

Respectfully submitted,

EMILY DEADY SPEIGHT,
Supervisor.

Report on Center Playground

The Center Playground the past summer ministered to the needs of young people of various ages, from the babe in the stroller to the high school graduate. Many of the older boys and girls who were unable to find employment attended daily and others attended so that they might be better fitted physically to enter higher institutions of learning in the fall, after a summer of recreation. They were a most enthusiastic group of young people and at all times a very harmonious atmosphere prevailed.

The older boys and girls enjoyed baseball, horseshoes and football, while the younger ones used the swings, seesaws and slide. When the weather became extremely hot many took shelter under the trees and indulged in checkers, memory games, quizzes and hand work.

The largest daily attendance was seventy-five and the average forty.

The pool which is of medium size attracted the children up to twelve years. Each night it was drained and thoroughly cleansed and each morning it was replenished with fresh water, thus keeping it in a very sanitary condition.

Due to lack of funds the tennis courts were not put in order this year, but it is hoped that next year they will be put in good condition and then many more people of all ages will be attracted to the playground.

More small equipment is needed and also some rustic tables to be used for handwork, games and lunches.

The supervisor wishes to express her sincere appreciation to the many interested parents who visited the playground and also to the Board of Selectmen whose cordial cooperation and valued suggestions were of material assistance in the work.

Respectfully submitted,

MABEL W. PETERSON,
Supervisor.

List of Jurors for 1938

Henry H. Allen, Mardon Street.....	Salesman

Total number of extractions.....	109

The clinic is open every Tuesday morning from 9 to 11:45.

E. S. TEMPLE, D.D.S., *Director*,
SIGNE L. POLSON, R. N., *Nurse*.

Report of the Board of Health

Our Town has passed through another twelve month period without any outstanding epidemics, though there have been more cases of children's diseases this year than last. Through the co-operation of parents and teachers these diseases have been kept under control. Many parents are not aware that certain diseases must be reported by them to the Board of Health, when a physician is not in attendance.

This year marked a start in eliminating cesspool nuisances that have been real headaches to the owners and neighbors and the Board, for many years. With the completion of the \$315,000 sewer project under W. P. A., two years hence, we can once more greet the summer breezes with pleasure.

This year a change was made in the care of our Tuberculosis patients. As Hampden County has no sanitarium of their own, it has been necessary to have them cared for in a neighboring county, and we have sent them to Leeds in Hampshire County. But the State Hospital at Westfield was completed late in 1937, and the law was repealed permitting us to send them to another County. We must now send all our patients to Westfield or Rutland for treatment at a cost of \$17.50 per week for each patient. The Town will pay direct to the State \$10.50 per week for each patient and the County will pay the balance of \$7.00 from an apportioned tax on all Towns in the hospital district. Several hearings have been held by the County Commissioners in an attempt to have the State reduce the cost, but they have been fruitless.

The State Department of Health have promulgated new regulations in regards to Contagious Diseases which the board will codify into their Health Regulations. The State Department of Health have

conducted a pre-school child welfare clinic, under the supervision of Mr. Frederick A. Wheeler, former superintendent of schools, during the past year.

There is a bad situation on Rosemont Street near the city line which the Board is attempting to eliminate. This is a very low spot and the surface water settles in puddles, and the overflow from cess pools creates a nuisance that is dangerous to public health. It is hoped that the Board can make some agreement with our neighboring city this year that will clean the place up.

The following is a record of diseases dangerous to Public Health for year 1938.

Dog Bite.....	5
Pneumonia, lobar.....	4
Pneumonia, bronchi.....	1
Scarlet Fever.....	3
Tuberculosis.....	3
Whooping Cough.....	17
Measles.....	6
Measles, German.....	1
Mumps.....	7
Total.....	47

Respectfully submitted,

BOARD OF HEALTH,

LEO D. GLYNN, *Chairman*,
GEORGE T. SMITH,
SANFORD P. NOONEY.

Report of the Milk Inspector

To the Selectmen of East Longmeadow:

During the year 1938 I have granted licenses to sell milk to 19 stores and to 13 peddlers. I also granted one license to sell Oleo-margarine to stores.

I collected and turned over to the Town Treasurer license fees totaling \$16.00.

Also during the year, I made 52 dairy inspections.

Respectfully submitted,

HAROLD O. BENNETT,
Milk Inspector.

Report of Inspector of Division of Livestock Disease Control

To the Board of Selectmen of East Longmeadow:

Gentlemen:

Upon orders received from the Division of Livestock Disease Control the annual inspection of barns and cattle was made in December, 1938.

The following stock was found:

421 Cows
166 Young Cattle
18 Bulls

32 Swine
4 Goats
7 Sheep

Twenty-seven visits were made where out-of-state cattle were purchased.

Seven cases of dog-bite were reported and no rabies.

Respectfully submitted,

WALLACE B. MARKHAM,
*Inspector of Divisions of
Livestock Disease Control.*

December 31, 1938.

Report of the Inspector of Slaughtering

Board of Health, East Longmeadow, Mass.:

Dear Sirs:

Eighty-six (86) head have been inspected and stamped by me during the year of 1938.

Respectfully submitted,

FRANCIS L. TURNBERG,
Inspector of Slaughtering.

Water Commissioners' Report

Your Water Commissioners respectfully submit the following report:

We now have 650 active services, having installed 10 new services during 1938, as against 17 in 1937. We have renewed 67 services with copper tubing, 34 of which were renewed with W. P. A. labor. We also cleaned out 7 service pipes.

We now have 18.75 miles of water main of 4 inches or more and 126 hydrants.

The Parker Street Extension of 7327 feet of 6 inch Transite Pipe was finally completed during January, 1939. On this line there are 6 hydrants located to take care of 16 houses. This work was done by W. P. A. labor.

The cut over the culvert in North Main Street near the Cope residence was made and properly insulated as the pipe is very near the surface. This was done at a cost of nearly \$400.00 about \$200.00 of which was paid in 1938.

The metered water from Springfield was increased during 1938 above the normal consumption because of a bad break in the main line which drained underground into a culvert north of the Pleasant View School. It was with considerable difficulty that this was found November 4th and repaired November 5th by our own men after a considerable loss of water.

We expected to search for a possible water supply within the Town during 1938. We were unable to do so because of the pressure of other work during the time when this work could have been done. We hope to do this during 1939.

The total water consumption for 1938 was 51,124,100 gallons.

On the whole, during 1938 it has been very difficult to live within our appropriation and get the work done that was necessary.

Respectfully submitted,

ANDREW NELSON, *Chairman*,
HENRY H. ALLEN,
GEORGE L. BAKER, *Clerk*.

Report of Library Trustees

For the Year 1938

Number of volumes of non-fiction purchased.....	49
Number of volumes of fiction purchased.....	177
Total number of volumes added.....	226
New cards issued.....	136
Active cards.....	664
Volumes loaned during 1938:	
Adult non-fiction.....	1,728
Adult fiction.....	11,338
Juvenile non-fiction.....	674
Juvenile fiction.....	4,376
Total circulation.....	18,116

We feel that the record of Library activities for the year is one of which we may be justifiably proud.

For the third successive year, the non-fiction has increased in circulation, both for adults and juveniles. The adult fiction circula-

tion has increased 814 volumes and the juvenile fiction 275 volumes over 1937 which is quite remarkable and very gratifying.

For the past two or three years, libraries all over the country showed a decrease in circulation which condition was attributed to the influence of radio and movies on the reading public.

The list of books added during 1938 is found at the end of this report and we hope will be used by patrons in making selections. If the book you wish is not in, it will be reserved for you by the payment to the Librarian of one cent. If there are any suggestions for books to be added, the Trustees will be very glad to consider them.

The amount of the bequest left by Mrs. Lillian Parks is \$6,151.17 which makes a fine addition to our building fund.

Our financial statement will be found in the report of the Town Accountant.

Respectfully submitted,

ERMA B. DAY,
MINNIE K. WHEELER,
EDEITH C. WALKER,
Trustees.

The deficit in the State Tax for 1938 has been given much publicity. The amount certified by the Commissioner of Corporations

and Taxation, which is the amount the Assessors must raise in determining the tax rate, was underestimated for 1938, \$5,360.00. This amount must be raised in the 1939 Budget.

From information given out in the Governor's Innaugural Address, it appears that the town's State Tax for 1939 is likely to amount to approximately \$15,000.00, an increase of \$10,000.00 over the 1938 estimate. A total state tax of \$20,000.00 will increase the tax rate for 1939, with other figures being equal, about \$2.50 per thousand. These are only estimated figures and all cities and towns are in hopes of some action by the Legislature which will relieve them of the increased burden.

Routine business of the department was completed with the commitment of Poll Taxes, Real and Personal Property Taxes and eight commitments of the Motor Vehicle Excise Tax.

New property valuations showed a steady increase with the erection of substantial types of new homes. Part of the increase in valuations was offset by a loss in lands of low value, taken by town for non-payment of taxes so that the agregate valuation failed to show an accurate picture when compared with the total for the previous year.

Widow's exemption claims were allowed on a total valuation of \$36,255.00, amounting to \$1,232.67 in taxes. These abatements were made under the provisions of the state law, which grants exemption to widows not having over \$2,000 in real and personal property, exclusive of mortgages.

Several property owners reported hurricane damage during September. Some of the buildings have been rebuilt and repaired while others have not been able to replace the structures damaged. The board is planning a coverage of this damage in their canvass of property.

Respectfully submitted,

JAMES HULTON, SR., *Chairman*,
CHARLES L. LINDNER,
RAYMOND E. ILES, *Clerk*.

Report of the Planning Board

To the Voters of the Town of East Longmeadow:

The Board has held two meetings during the past year. We have submitted reports to the State Planning Board on hurricane damage.

We still recommend that the houses on the streets of the Town be numbered.

Respectfully submitted,

ROBERT SPENGLER, *Chairman*,
BENJAMIN BARTLETT, *Secretary*,
GEORGE L. BAKER,
PAUL J. LISK,
WILLIAM WESTERBERG.

Tree Warden's Report

For the Year 1938

To the Citizens of the Town of East Longmeadow I respectfully submit the following report:

The year 1938 brought much extra work, responsibility and expense for this department. Heavy rains and wind were responsible for much tree damage in July. The repairing of this damage had not been completed when the hurricane of September 21 struck the Town damaging nearly all trees, uprooting and twisting of branches of many large shade trees, others left leaning at dangerous angles over highways and buildings. Clearing away these broken and uprooted trees in the interests of public safety necessitated heavy expenditure and much time. 300 of these trees were cut down and stumps removed as far as time would permit, the Town expending about \$800.00 and the W. P. A. \$2,000.00 upon this work. The damage and removal of so many shade trees from our streets has brought to the attention of many citizens the need of setting out young shade trees and with this end in view I would recommend 200 young trees be planted this coming Spring and a substantial appropriation be made for planting these and also for trimming and removing such shade trees as may need to be cared for.

Respectfully submitted,

HERMAN W. KING,
Tree Warden.

1938 REPORT OF THE TRUSTEES FOR COUNTY AID TO AGRICULTURE AND THE HAMPDEN COUNTY IMPROVEMENT LEAGUE

Town of East Longmeadow

Agricultural Work

The agricultural service to local citizens during the year included soil testing, information and advice on farm financing, crop pest control, livestock, and crop production and marketing, agricultural engineering or construction, rodent control, farm management, and for hurricane rehabilitation or salvage.

Of 40 local farmers assisted by or cooperating in the agricultural programs, the following were leading participants in potato growing: Mrs. Mary Burt; dairying, Henry S. Ashley; fruit growing, B. C. Shaw; poultry keeping, Alden Curtis and Robert Bates; and in vegetable growing, Stanley Dickinson, and Fred Forbes.

Thirty-eight farmers participated in the Agricultural Conservation Program.

Home Bureau Work

The following fifteen projects were taken up during the year by the Home Bureau: Community Meals, Stretching the Food Dollar, Community Meals, Building Healthy Children, Canning, Child Development, Silk and Wool, Dressform, Sewing Machine School, Home Furnishing, Training for Leadership, Recreation, Folk Dancing, Music and Games, Drama, Organization, and the Music Festival.

Twenty-six local leaders gave time to direct these projects, and more than 500 women received direct benefit from them. Some 52 meetings and demonstrations were given and 23 home visits were made by the County Home Demonstration Agents.

4-H Club Work

East Longmeadow is one of our five 4-H Club towns, and this is due to the cooperation of an active 4-H Club Committee as well as loyal local leaders of which there were 13 last year. The clubs were: Gardening, Conservation, Clothing, Food, Canning, and Home Furnishings.

The food club under the direction of Mrs. Alden Curtis served luncheon to guests at the County Rally Day program. Miss Agnes Dufalt was awarded a trip to the State Camp as an award for her room improvement work, and a radio broadcast was put on by members of the Clubs during the year.

TRUSTEES FOR COUNTY AID
TO AGRICULTURE,
L. B. BOSTON, *Clerk.*

In Memoriam

GEORGE B. ROBINSON

Superintendent of Streets

On November 7, 1938 the Town lost, by death, its veteran Superintendent of Streets. The people of the Town, their officers and employees will sadly feel the loss of a capable and efficient administrator.

George B. Robinson was born in the East Parish of Longmeadow, now East Longmeadow, October 7, 1866. During his lifetime he held several positions of trust and responsibility, as the choice of his fellow citizens. At the age of twenty-one he became a Selectman of Longmeadow, the youngest the Town has had. He served in the Legislature in 1910. Since the separation of East Longmeadow from Longmeadow he has served as Selectman, Water Commissioner, Collector of Taxes and Superintendent of Streets. Mr. Robinson held the latter office from 1920 to the day of his death.

Report of the Treasurer

THE OFFICE

The activities of this office for the year 1938 have reached an unprecedented volume. During the year our collections alone involved approximately 7200 bookkeeping entries. About 9900 pieces of mail were sent out and our expenditures required 6191 checks to be written, registered and signed.

To increase the effectiveness of the administration of the offices of Town Clerk and Treasurer it may be advisable to urge the Town to provide quarters separate from other Town officials. Any office which handles money is best managed if it is separate from all others.

TRUST FUNDS

During the year 1938, the Springfield Safe Deposit and Trust Company has terminated the trust agreement made with the Town on May 8, 1916 for the custody of the Porter Memorial Fund. The Trust Company has turned over to the Town Treasurer the list of securities in the Fund as shown in a later part of this report.

Also, during the year 1938 the Treasurer has received approximately \$6,000.00 bequeathed to the Town under the eighth clause of the will of Mrs. Lillian S. Park, late of Prospect Street. Her will states that this money is "to be used for the benefit of the East Longmeadow Public Library." An account of this fund is given later in this report.

TOWN DEBT

A comparison between this report and the one published a year ago will show that the fixed debt of the Town has risen during the year from \$29,500 to \$72,500. Also the annual payments on this debt have risen from \$5,000 per year to \$13,000 per year.

Respectfully submitted,

RAYMOND A. DENSLOW,

Town Treasurer.

Auditor's Report

January 19, 1939.

In accordance with the statutes of the Commonwealth of Massachusetts we have audited the books, vouchers and accounts of the Town and found them correct to the best of our knowledge and belief for the year ending December 31, 1938.

ARTHUR W. ANDERSON,
LESTER G. BUFFINTON,
Auditors.

Our recommendations concerning certain articles in the Town Meeting Warrant are as follows:

Article 6.	Transfer to Reserve. We recommend this transfer since it will produce available funds to reduce the tax rate for this year.....	\$2,000.00
Article 7.	Road Machinery.....	1,500.00
Article 8.	Chestnut Street, Wilbraham Road, Porter Road with State and County allotments.....	900.00
Article 10.	Unpaid bills.....	2,173.49
Article 11.	Fire Truck. We recommend that \$1,000.00 be raised in the Revenue of 1939 and \$4,500.00 be borrowed.....	5,500.00
Article 12.	Nursery School.....	200.00
Article 14.	Cosgrove and Indiana Streets. We do not recommend any action since we are unable to determine the true cost.	
Article 15.	Water main extension—Vineland Avenue. Not recommended for this year	
Article 16.	Water main extension—Elm Street. Not recommended for this year.	
Article 17.	Water main extension—Pleasant Street and Porter Road. Not recommended for this year.	

The sum of the recommendations above is \$163,128.49.

SUMMARY

Probable Disbursements	
Total Budget Recommendations.....	\$163,128.49
State Tax, Etc.....	21,000.00
County Tax.....	6,900.00
Overlay.....	2,500.00
Total Estimated Disbursements.....	\$193,528.49
Probable Receipts	
Transfer from Machinery Account.....	\$1,500.00
Transfer from Overlay Reserve.....	2,000.00
To be Borrowed on Fire Truck.....	4,500.00
Poll Taxes.....	2,000.00
Assessor's Estimated Receipts.....	45,000.00
Total of above.....	\$55,000.00
Balance to be Raised by Property Tax.....	138,528.49

Total Necessary Income.....	\$193,528.49
Estimated Valuation.....	\$3,900,000.00
Approximate Tax Rate for Above-Budget.....	\$36.00

The figures used in the above summary for the State and County Taxes, for the Overlay, and for the Estimated Receipts are purely estimates and cannot be relied upon as certain since the information available at this time is incomplete.

Respectfully submitted,

LEO M. SPEIGHT, *Chairman*,
CHARLES H. KNOX,
GEORGE H. KEARNS,
WALTER C. BENEDICT,
FRANK H. WHITAKER,
RAYMOND A. DENSLOW, *Clerk*.

Warrant for Annual Town Meeting

Commonwealth of Massachusetts

HAMPDEN, SS.

To the Collector of Taxes or any Constable for the Town of East Longmeadow:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of said East Longmeadow qualified to vote in elections and Town affairs, to meet at the Town Hall, Monday, February 13, 1939 at 11 o'clock in the forenoon, there to act on the following articles:

Article 1. To cast their votes for the following Town Officers:

Moderator, Town Clerk, Treasurer and Collector of Taxes, Tree Warden, Two Constables, Two Auditors, all for one year. One Selectman and member of the Board of Public Welfare, One Assessor, One Water Commissioner, One Library Trustee and One Member of the School Committee all for three years. One member of the Planning Board for five years.

All the foregoing to be voted for on one ballot as provided by Law and votes of the Town.

The Polls to be opened at 11 o'clock in the forenoon and shall be closed at 8 o'clock in the afternoon.

You the Collector of Taxes or any Constable, as aforesaid are also required to notify and warn said inhabitants to meet at the Pleasant View Hall at 7:30 o'clock in the afternoon on Thursday, February 23, 1939 to act on the following articles:

Article 2. To hear and act on the reports of all the Officers and Committees whose duties require them to report to said meeting.

Article 3. To hear the report of the Appropriations Committee together with the budget reported by them, and to raise and appropriate such sums of money as may be required to carry on the business of the several departments of the Town for the year 1939.

Article 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the Revenue of the financial year beginning January 1, 1939, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 5. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, to borrow money on or after January 1, 1940 in anticipation of the Revenue of the financial year beginning January 1, 1940.

Article 6. To see if the Town will authorize the transfer of the sum of \$2,000 from the Overlay Reserve Fund to the Reserve of 1939.

Article 7. To see if the Town will vote to appropriate the sum of \$1500.00 from the road machinery account for the purpose of replacing, repairing and operating road machinery.

Article 8. To see if the Town will vote to raise and appropriate the sum of \$900.00 for improvement of Chestnut Street, Wilbraham and Porter Roads; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose, or take any other action in relation thereto.

Article 9. To see if the Town will authorize the Selectmen to contract with the Department of Public Works and to make any contract necessary in carrying out the road construction authorized at this or previous meetings.

Article 10. To see if the Town will authorize the payment and appropriate the sum of \$2173.49 for unpaid bills of 1938 as follows:

Welfare.....	\$1,989.20
Soldiers' Relief.....	88.09
Old Age Assistance.....	96.20

Total..... \$2,173.49

Article 11. To see if the Town will raise and appropriate the sum of \$5500.00 for the purchase of a fire truck and equipment and authorize the Treasurer, with the approval of the Selectmen, to borrow all or part of said appropriation, or to take any action relative thereto.

Article 12. To see if the Town will appropriate \$200.00 to cover expenses of nursery school lunches.

Article 13. To see if the Town will vote to install a street light at the junction of North Main Street and Girard Avenue and appropriate the sum of \$20.00 therefor as petitioned for by Edward J. Walker and others.

Article 14. To see if the Town will vote to appropriate a sum of money for the construction of a hardened road and curbing on Cosgrove and Indiana Streets as petitioned for by Harlan C. Chaffee and others.

Article 15. To see if the Town will install a 6-inch water main in Vineland Avenue from Westwood Avenue northerly to Birch Street, a distance of about 2600 feet, and appropriate the sum of \$4900.00 therefor and authorize the Treasurer, with the approval of the Selectmen to borrow all or part of said appropriation or take any action relative thereto as petitioned for by Amedio Corrier and others.

Article 16. To see if the Town will authorize the construction of an extension of the Water Main on Elm Street from the end of the present installation to the Town Line, a distance of about 5500 feet and make an appropriation therefor not to exceed \$9800.00 and authorize the Treasurer, with the approval of the Selectmen, to borrow all or part of said appropriation or to take any other action relative thereto as petitioned for by E. W. Marcoux and others.

Article 17. To see if the Town will vote to appropriate the sum of \$2528.00 in connection with material and labor to extend the water main approximately 1600 feet from its present terminal on Pleasant Street along Pleasant Street and Porter Road and authorize the Treasurer, with the approval of the Selectmen, to borrow all or part of said appropriation or to take any other action relative thereto as petitioned for by Patrick Landers and others.

Article 18. To see if the Town will accept Taylor Avenue about 318 feet easterly from Taylor Street to Rankin Avenue and Rankin Avenue from Pleasant Street 816.56 feet northerly both in accordance with the plan accepted and on file with the Board of Survey, and authorize the Selectmen to take all necessary action thereto as petitioned for by Leo M. Speight and others.

Article 19. To see if the Town will authorize and instruct the Selectmen by virtue of Chapter 79 of the General Laws and the Acts in amendment thereof and supplementary thereto to take on behalf of the Town an easement and right of way in the following described land designated as parcels 1 to 20, both inclusive, on plan hereinafter described; and to take in fee simple the following described parcels of land designated as parcels 21 and 22 on plan hereinafter described for the purpose of a public or common sewer and sewage disposal plant.

Said easment or right of way over said parcels 1 to 20, both inclusive, shall be a right of way or easement to lay, operate and forever maintain an underground public or common sewer and to alter, replace, repair, renew, inspect and examine the same and to pass freely over the same in any manner with teams, motor vehicles or other vehicles and to construct and maintain any concrete masonry work, manholes or structures, and to change the grade of the land, and to make fills and build and maintain any other thing reasonably necessary for the construction and maintenance of said common sewer; and to place upon said lands materials and apparatus during such construction, replacement or repair.

Said lands are all located in the Town of East Longmeadow and are as shown on a plan entitled "Sewer Easement Plan, Town of East Longmeadow, Tighe & Bond, Con's. Eng'rs. Jan. 20, 1939, Scale 1"=100'" and on a plan entitled "Plan of Sewage Disposal Site, Dwight S. Barlett Property, East Longmeadow, Mass., Tighe & Bond, Con's. Engineers, Scale 1"=40', Nov. 8, 1938," both of which plans are filed in the office of the Selectmen in said Town of East Longmeadow and the said lands are more particularly described as follows:—

DESCRIPTION OF LANDS

The center line of easement or right of way begins at a point on the westerly side of North Main Street 8 feet north of the northerly boundary line of property of one Beebe, being shown on plan as station 0+00 and the said center line runs thence south $79^{\circ} 15'$ west 158.47 feet to a point and station 1+58.47; thence north $51^{\circ} 8'$ west 321.97 feet to a point and station 4+80.44; thence north $7^{\circ} 18'$ west 156.80 feet to a point and station 6+37.24; thence north $6^{\circ} 43'$ west 19.95 feet to a point on the northerly side of Calkins Ave. and station 6+57.19, said point being 51.11 feet east of a bound stone marking, the westerly end of said northerly side of Calkins Ave., thence continuing north $6^{\circ} 43'$ west 405.83 feet to a point and station 10+63.02, said point being on the boundary line between lands of one Huntoon and one Potts; thence north $37^{\circ} 05'$ west 611.15 feet to a point and station 16+74.17 said point being on the center line of a proposed street known as Maple Street; thence along the center line of said Maple Street north $16^{\circ} 34'$ west 246.55 feet to a point on the northerly side of Elm Street and station 19+20.72, said point being on the intersection of the center line of said Maple Street with the northerly line of said Elm Street; thence north $16^{\circ} 34'$ west 90.22 feet to a point and station 20+10.94; thence north $16^{\circ} 32'$ west 428.23 feet to a point and station 24+39.17; thence north $8^{\circ} 37'$ east 100 feet to a point and station 25+39.17, said point being on the southerly side of Westwood Ave., thence north $8^{\circ} 37'$ east 25 feet to a point and station 25+64.17, said point being on the center line of said Westwood Ave.; thence north $38^{\circ} 12'$ west 272.17 feet to a point and station 28+36.34; thence north $9^{\circ} 16'$ west 118.55 feet to a point and station 29+54.89; thence north $59^{\circ} 06'$ west 55.99 feet to a point and station 30+10.88 thence north $14^{\circ} 14'$ west 105.53 feet to a point and station 31+16.41; thence north $37^{\circ} 59'$ west 187.91 feet to a point and station 33+04.32; thence north $4^{\circ} 0'$ east 64.94 feet to a point and station 33+69.26, said point being on the extended boundary line of one Smith and John C. and Grace Doane, 11.51 feet east from a stone bound, said stone bound being on said extended boundary; thence north $4^{\circ} 0'$ east 332.76 feet to a point and station 37+02.02; thence north $11^{\circ} 44'$ west 272.96 feet to a point and station 39+74.98 said point being on the northerly boundary of John C. and Grace Doane property and the southerly boundary of one Romano; thence north $11^{\circ} 44'$ west 193.12 feet to a point and station 41+68.10, said point being on the southerly line of Robert Street; thence north $11^{\circ} 44'$ west 50.00 feet to a point and station 42+18.10, said point being on the northerly line of said Robert Street; thence north $11^{\circ} 44'$ west 202.94 feet to a point and station 44+21.04, said point being on the southerly boundary of Purves Street; thence north $11^{\circ} 44'$ west 25.34 feet to a point and station 44+46.38, thence north $2^{\circ} 28'$ west 27.32 feet to a point and station 44+73.70, said point being on the northerly side of said Purves Street; thence north $2^{\circ} 28'$ west 101.45 feet to a point and station 45+75.15, said point being on the northerly boundary of property of one Malone and the southerly boundary of property of

one Jonah; thence north $35^{\circ} 04'$ west 285.71 feet to a point and station 48+60.86; thence north $58^{\circ} 16'$ west 314.83 feet to a point and station 51+75.69, said point being on the westerly boundary of property of one Jonah and the easterly boundary of property of one Dickinson; thence north $58^{\circ} 16'$ west 215.80 feet to a point and station 53+91.49; thence north $29^{\circ} 23'$ west 36.59 feet to a point and station 54+28.08, said point being on the easterly boundary of property of one Bartlett; thence north $29^{\circ} 23'$ west 8 feet from and parallel to the easterly boundary line of the New York, New Haven and Hartford Railroad Company, 316.51 feet to a point and station 57+44.59; thence south $60^{\circ} 37'$ west 341.00 feet to a point and station 60+85.59, said point being on the center line of location of the Highland Division of the New York, New Haven and Hartford Railroad and 697.17 feet north of a granite monument marking the point of curvature of a 2 degree curve in the said center line of said railroad location; thence continuing south $60^{\circ} 37'$ west 33 feet to a point on the easterly boundary of property of one Bartlett.

PARCEL NO. 1

A strip of land, 16 feet in width, supposed to belong to Lena Ogden, between station 0+00 and 6+57.19, the center line of said strip being described as follows:—beginning at a point on the westerly side of North Main Street 8 feet North of the northerly boundary line of property of one Beebe, said point being station 0+00, thence south $79^{\circ} 15'$ west 158.47 feet to a point and station 1+58.47; thence north $51^{\circ} 8'$ west 321.97 feet to a point and station 4+80.44, thence north $7^{\circ} 18'$ west 156.80 feet to a point and station 6+37.24; thence north $6^{\circ} 43'$ west 19.95 feet more or less to land of Gertrude Sherwin, containing about 10,515 square feet.

PARCEL NO. 2

A strip of land 8 feet in width supposed to belong to Gertrude Sherwin between stations 6+57.19 and 7+63.02, the center line of said strip being described as follows:—beginning at a point on the northerly side of Calkins Ave., the said point being station 6+57.19; thence north $6^{\circ} 43'$ west 105.83 feet more or less to land of Henry Snow, containing about 846 square feet.

PARCEL NO. 3

A strip of land 16 feet in width supposed to belong to Henry Snow between station 7+63.02 and 10+13.02, the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Sherwin, the said point being station 7+63.02 thence north $6^{\circ} 43'$ west 250.00 feet more or less to land of Louise E. Huntoon, containing about 4,000 square feet.

PARCEL NO. 4

A strip of land 16 feet in width supposed to belong to Louise E. Huntoon between stations 10+13.02 and 10+63.02, the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Snow, the said point being station 10+13.02, thence north $6^{\circ} 43'$ west about 50 feet to land of Alexander Potts, containing about 800 square feet.

PARCEL NO. 5

A strip of land 16 feet in width supposed to belong to Alexander Potts between stations 10+63.02 and 11+25.72, the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Huntoon, the said point being station 10+63.02, thence north $37^{\circ} 05'$ west 62.70 feet more or less to land of W. Gallison, containing about 1,003 square feet.

PARCEL NO. 6

A strip of land 16 feet in width supposed to belong to W. Gallison between stations 11+25.72 and 11+88.42; the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Potts, the said point being station 11+25.72, thence north $37^{\circ} 05'$ west 62.70 feet more or less to land of E. J. Parent, containing about 1,003 square feet.

PARCEL NO. 7

A strip of land 16 feet in width supposed to belong to E. J. Parent between stations 11+88.42 and 16+18.57, the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Gallison, the said point being station 11+88.42, thence north $37^{\circ} 05'$ west 430.15 feet more or less to Maple Street, containing about 6,882 square feet.

PARCEL NO. 8

A parcel of land supposed to belong to O. Hebert between stations 16+16 ± and 16+30 ± bounded as follows:—westerly by the easterly side of Maple Street for about 18.78 feet; easterly by the easterly location of this easement or right of way for about 20.20 feet, southerly by the northerly property line of one Parent for about 7.03 feet, containing about 54 square feet.

PARCEL NO. 9

A strip of land 16 feet in width located in Maple Street supposed to belong to J. W. Wilber between stations 16+18.57 and 19+20.72, the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Parent, said point being also at the southerly end of said Maple Street, thence north $37^{\circ} 05'$ west 55.60 feet to a point and station 16+74.17, thence north $16^{\circ} 34'$ west 246.55 feet more or less to the northerly end of Maple Street and land of H. W. King, containing about 4,780 square feet.

PARCEL NO. 10

A strip of land 16 feet in width supposed to belong to H. W. King between stations 19+20.72 and 25+39.17, the center line of said strip being described as follows:—beginning at a point on the northerly end of Maple Street thence north $16^{\circ} 32'$ west 518.45 feet to a point and station 24+39.17, thence north $8^{\circ} 37'$ east 100 feet more or less to the southerly side of Westwood Avenue, containing about 9,895 square feet.

PARCEL NO. 11

A strip of land 16 feet in width supposed to belong to the New York, New Haven & Hartford Railroad Company between stations 26+00.70 and 35+13.96, the center line of said strip being described as follows:—beginning at a point on northerly layout line of Westwood Avenue, said point being station 26+00.70 and thence north 38° 12' west 235.64 feet to a point and station 28+36.34; thence north 9° 16' west 118.55 feet to a point and station 29+54.89; thence north 59° 06' west 55.99 feet to a point and station 30+10.88; thence north 14° 14' west 105.53 feet to a point and station 31+16.41; thence north 37° 59' west 187.91 feet to a point and station 33+04.32; thence north 4° 0' east 209.64 feet more or less to land of John C. and Grace Doane, containing about 14,612 square feet.

PARCEL NO. 12

A strip of land 16 feet in width supposed to belong to John C. and Grace Doane between stations 35+13.96 and 39+74.98, the center line of said strip being described as follows:—beginning at a point on the easterly property line of the New York, New Haven and Hartford Railroad Company the said point being station 35+13.96, thence north 4° 0' east 188.06 feet to a point and station 37+02.02; thence north 11° 44' west 272.96 feet more or less to land of Rose L. Romano, containing about 7,376 square feet.

PARCEL NO. 13

A strip of land 16 feet in width supposed to belong to Rose L. Romano between stations 39+74.98 and 41+68.10, the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Doane, the said point being station 39+74.98, thence north 11° 44' west 193.12 feet more or less to the southerly location line of Robert Street, containing about 3,090 square feet.

PARCEL NO. 14

A strip of land 16 feet in width located in Robert Street so called, supposed to belong to Edith Purvis Harley, between stations 41+68.10 and 42+18.10, the center line of said strip being described as follows:—beginning at a point on the Northerly property line of one Romano, the said point being station 41+68.10, thence north 11° 44' west 50 feet more or less to lands of Town of East Longmeadow, containing about 800 square feet.

PARCEL NO. 15

A strip of land 16 feet in width located in Purves Street, so called, supposed to belong to Edith Purvis Harley, between stations 44+21.04 and 44+73.70, the center line of said strip being described as follows:—beginning at a point on the northerly property line of property of the Town of East Longmeadow, said point being station 44+21.04, thence north 11° 44' west 25.34 feet to a point and station 44+46.38; thence north 2° 28' west 27.32 feet more or less to land of E. Malone, containing about 843 square feet.

PARCEL NO. 16

A strip of land 8 feet in width supposed to belong to E. Malone between stations 44+73.70 and 45+75.15, the center line of said strip being described as follows:—beginning at a point on the northerly layout line of Purves Street, so-called, at station 44+73.70, thence north $2^{\circ} 28'$ west 101.45 feet more or less to land of Lottie M. Jonah, containing about 812 square feet.

PARCEL NO. 17

A strip of land 16 feet in width supposed to belong to Lottie M. Jonah between stations 45+75.15 and 51+75.69, the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Malone, the said point being station 45+75.15, thence north $35^{\circ} 04'$ west 285.71 feet to a point and station 48+60.86; thence north $58^{\circ} 16'$ west 314.83 feet more or less to land of G. S. Dickinson, containing about 9,609 square feet.

PARCEL NO. 18

A strip of land 16 feet in width supposed to belong to G. S. Dickinson between stations 51+75.69 and 54+28.08, the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Jonah, the said point being station 51+75.69, thence north $58^{\circ} 16'$ west 215.80 feet to a point and station 53+91.49; thence north $29^{\circ} 23'$ west eight feet from and parallel to the easterly property line of the New York, New Haven and Hartford Railroad 36.59 feet more or less to land of Dwight S. Bartlett, containing about 4,035 square feet.

PARCEL NO. 19

A strip of land 16 feet in width supposed to belong to Dwight S. Bartlett between stations 54+28.08 and 57+44.59, the center line of said strip being described as follows:—beginning at a point on the northerly property line of one Dickinson, the said point being station 54+28.08, thence north $29^{\circ} 23'$ west and 8 feet from and parallel to the easterly property line of New York, New Haven and Hartford Railroad Company 324.51 feet to a point and station 57+44.51, containing about 5,213 square feet.

PARCEL NO. 20

A strip of land 16 feet in width supposed to belong to the New York, New Haven and Hartford Railroad Company between stations 57+52.50 and 61+18.59, the center line of said strip being described as follows:—beginning at a point on the westerly property line of one Bartlett, the said point being station 57+52.50, thence south $60^{\circ} 37'$ west 366 feet to other lands, now or formerly of one Bartlett, containing about 5,856 square feet.

Said lots numbered 21 and 22 on said last mentioned plan to be taken in fee simple for purposes of said common sewer and sewage disposal plant are more particularly described as follows:—

PARCEL NO. 21

A certain parcel of land containing about 4 acres supposed to belong to Dwight S. Bartlett and bounded and described as follows:—beginning at the south east corner of the property hereinafter described, said point being on the westerly location line of the New York, New Haven and Hartford Railroad Right of Way; thence running north $46^{\circ} 57'$ west 720.7 feet along the said westerly location line of said Railroad to a point and northeast corner of lands of one Buckler; thence south $5^{\circ} 53' 47''$ east 625.22 feet along lands of said Buckler to an iron pin; thence south $39^{\circ} 05' 52''$ east 114.07 feet to a point; thence south $83^{\circ} 34'$ each 71.48 feet to a point; thence north $54^{\circ} 40'$ east 391.6 feet to the point of beginning. The last described line extended intersects the center line of the New York, New Haven and Hartford Railroad Company location at station 281+68.77.

PARCEL NO. 22

A strip of land 25 feet in width supposed to belong to A. E. Buckler and bounded and described as follows:—beginning at a point on the property line between properties of one Buckler and one Bartlett, the said point being 572.87 feet southerly along said property line from the westerly location line of the New York, New Haven and Hartford Railroad; thence south $55^{\circ} 30' 13''$ west 319.96 feet to a point; thence south $55^{\circ} 30' 13''$ west 174.83 feet to the center line of a ditch and property of the Town of East Longmeadow; thence south $34^{\circ} 29' 47''$ east 25 feet along said property of said Town of East Longmeadow to a point; thence north $55^{\circ} 30' 13''$ east 172.42 feet to a point; thence north $66^{\circ} 30' 13''$ east 309.62 feet to land of said Bartlett; thence north $5^{\circ} 53' 47''$ west 26.23 feet to the point of beginning, containing about 12,225 square feet.

Betterment assessments shall be assessed for the improvement made because of such taking.

Trees growing on the land described in said taking shall not be included in such taking and owners of such trees shall have thirty days from the date of the order of taking to remove the same.

And also to see if the Town will appropriate a sum of money for payment of damages to owners of land and others affected by such taking.

You are hereby directed to serve this warrant by posting attested copies hereto in three public places in said town, said places being those designated by Town by-laws, seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant with your findings thereon to the Town Clerk at or before said meeting.

Given under our hands this thirty-first day of January, 1939.

GEORGE T. SMITH,
SANFORD P. NOONEY,
LEO D. GLYNN,
Selectmen of East Longmeadow.

The Hurricane

By LEO D. GLYNN

Member of the Board of Selectmen

It may not be amiss to mention here, the Great Wind of 1938. While we, who observed it, will carry impressions of it through the rest of our lives, for the benefit of those who come after, some official account in the Town Report, will allow comparisons for some future storms.

After several rainy days, Nature became inspired and on the night of September 20th opened up the heavens and let a down pour, the like our generation never before beheld. What a sight our streets and roads were on the morning of September 21st! All the recently installed curbing on Prospect Street washed out, and the gravel a foot high in the Center, with Pecowsic Brook rising every minute. In the southwestern part of the Town, Wochogue Brook's swift current poured over Pease Road washing out the gravel and leaving the culverts exposed, then onward across the lots to Lee Street, where it took the culvert out of the road and landed it 50 feet away, leaving a gully over forty feet wide in the Street. The Scantic River in Hampden, overflowed its banks on Mill Road and swept around to the Baptist Brook, where a stream 100 feet wide poured over the highway washing away macadam necessitating the closing of the road. The South Branch Brook in the eastern section of the Town poured over Allen Street, carrying part of the roadway with it, and at Wilbraham Road, the stream was two hundred feet wide. Longmeadow Brook on Chestnut Street was ten inches deep and over two hundred feet wide on the highway.

The wind blew steadily all day long, and though the sun was bright in the morning, clouds began to gather along towards noon, and in the afternoon the rain fell fitfully, with the wind increasing in volume. Along toward four o'clock in the afternoon the hurricane fell upon us, and down went the shade trees along the highways, pulled up by the roots, the rain soaked ground unable to hold against the terrific strain of the wind. What a sight it was to see the trees wave, bend over, then fall gently across the streets. It looked as if Mother Nature, having vented her anger by uprooting, as if with remorse, carefully laid them down. And with the trees, came the poles and wires, leaving the Town without power or light. Our pine forests all over the Town were blown down. Woods we have watched grow for fifty years, destroyed in less than an hour. Apple orchards blown down, roofs blown off, trees falling on houses, roads blocked, this sure was some experience for a good old New England Town.

With the coming of night, darkness enveloped the community. No electricity meant no lights, unless people were fortunate enough to have oil lamps or candles available. With their electric stoves useless, folks were compelled to resort to the old wood stove or oil stoves were dug up, and an attempt made to cook meals for those who finally reached home late in the evening. With the streets

blocked, automobiles were abandoned on the streets and people walked, climbed over the trees and waded through water to reach their homes where the women folks waited anxiously, while attempting to keep things hot on any available contrivance for cooking. Most telephones were useless, and only emergency calls were taken over those that remained in service.

And this was the night we were to have a Town Meeting to vote on a \$315,000 sewer project. The Selectmen and the Moderator met in the Town Hall at 7:30 o'clock and no others being present, the meeting was cancelled.

At eight o'clock that night, with the wind abating, but rain still falling, the work of opening up the roads was begun. Every available person, and every available ax in the town was pressed into service. Under the direction of the Selectmen, the Tree Warden and Superintendent of Streets, nearly a hundred men worked until three o'clock the next morning cutting a path through the streets for the passage of automobiles.

For the next three days men worked feverishly to repair dangerous spots on roads and to remove trees from buildings. A program of rehabilitation was outlined in co-operation with the Federal Government and continued for three months at an approximate cost of \$20,000.
